

# hello! we are Curt & Molly

Hello from Oregon! We are so excited to be growing our family through the gift of adoption. We cannot wait to open our hearts and our family to your child. We look forward to sharing our love of sports and traveling, and to shower them with unconditional love. Your child will have wonderful educational opportunities and a variety of extracurricular activities available to them, including sports, dance, music, and more.

We would love to talk with you, get to know you better, and learn about your hopes and dreams for you and your child. We are open to visits and providing updates through videos, pictures, and letters, or whatever you are comfortable with.

# About Us

We met in 2013 and were married 6 years later. We are best friends and couldn't imagine life without the other. Our struggles with infertility and miscarriages have strengthened our bond, and has shown us that we are better together.

We enjoy spending time outside kayaking the local rivers, hiking in the Pacific Northwest, and bike riding our neighborhood. We love to decorate our home and wraparound porch for the holidays. Our house has become a neighborhood attraction for Halloween. We decorate the house from top to bottom with skeletons, animatronics, projections, lights, smoke, and sound. The whole family gets involved and our niece and nephews enjoy helping us create new additions every year.

Our families are huge baseball fans, faithfully rooting for the St. Louis Cardinals. Every two years the Cardinals play in Seattle and the whole family travels to see all 3 games together. It has become a very special trip, and we are looking forward to taking your child with us. We also have a goal of watching the Cardinals play in all the baseball stadiums in the U.S., and look forward to sharing this with your child.

We share our home with our two schnoodles, Bear and Chompy, who adore children.

# Our family

Our family is very close. Curt's parents live two blocks from our home, and his sister and her family (her husband and 3 children), are also within a block of our home. Molly's mom lives about 10 minutes away and has become a second grandmother to Curt's niece and nephews.

We are very involved with each other's lives, which means we often spend weekends cheering on our niece and nephews at soccer, basketball, and baseball games. Our family is thrilled to add your child to our lives and looks forward to supporting them in their activities.

# MEET *Curt*

Curt is the most generous, kind, loving, and patient person I know. He is my biggest supporter and champion and gives me the courage to set my goals high and go after them. I know that he will always champion your child, and help them recognize their full potential.

Curt works as a Cyber Threat Defense Engineer. There is nothing that he can't fix, build, or create. Curt loves including his niece and nephews in these projects, teaching them how to code and all about robotics, and is excited to teach your child these things as well. Curt loves the outdoors and enjoys kayaking, fishing, and working on engines. Curt loves to be outside. His favorite activity is fly fishing in Montana, and I know he looks forward to teaching your child to cast the perfect line.

*Cyber Threat Defense Engineer*

## **HOBBIES & INTERESTS**

*Fishing, gardening, computers, model railroading*

## **FAVORITE PLACE**

*Bitter Root Valley, Montana*

## **FAVORITE HOLIDAY**

*Christmas*

## **FAVORITE DESSERT**

*Cheesecake*

Curt and his father working in our yard.

# MEET Molly

Molly overflows with kindness, joy, and ambition. She is an attorney at a large international law firm. Molly loves animals and one of her greatest joys is volunteering with a local animal therapy group (which includes llamas and alpacas) that works with children, persons with disabilities, and skilled nursing facilities. She is excited to share her love for animals with your child.

Molly loves to bake, garden, and celebrate important moments. She embraces birthdays and holidays with gusto, decorating the house from top to bottom. She has created many holiday traditions for us, including baking holiday cookies with our niece and nephews, and making homemade cinnamon rolls for Christmas breakfast. I know that Molly is looking forward to sharing these traditions with your child and creating new ones.

*Thanksgiving*

## **FAVORITE DESSERT**

*Carrot Cake*

# Our Oregon home

We live in a suburb of an urban city in Oregon. Our beautiful home is 3200 sqft., has 5 bedrooms, 3 bathrooms, and a playroom. Our nursery is ready to welcome your child and is even prepared for twins! The nursery has two new cribs, bassinets, and infant swings.

Our home is across the street from the neighborhood park. The city park is 4 blocks away and has nature trails, multiple soccer and baseball fields, basketball and tennis courts, multiple play areas, a skate park, and a splash pad.

We live in one of the highest-rated school districts in Oregon and love our neighborhood schools.

Our beautiful nursery is ready for your child - including twins!

The heart of our home - the kitchen and great room.

# Our Oregon beach house

Our Oregon beach house.

Our Oregon beach house.

We also own a vacation house on the Oregon coast, which is a little more than an hour from our home. Our house is a block from the ocean and we love watching the waves crash on the shore from our living room.

We love escaping the city for the coast any chance we get, and try to spend at least one weekend a month at the beach. At the beach you will find us building sand castles, flying kites, jumping waves, and crabbing. We are really looking forward to spending many weekends and family vacations at the beach with your child.

Building sand castles with the niece and nephews.

# Our Promise

We promise to love your child unconditionally and to give them a place to grow and flourish. We promise to provide them with the freedom and security to explore new things and reach their full potential all while sharing with them our love for travel, sports, and family. We promise that your child will know their story and know you. We will value you and your place in your child's heart.

Thank you for reading our profile. We would love to speak with you, answer your questions, share more about ourselves, and get to know you better.
